COUNTY FATHERS HOLD MEETING

The board of supervisors met in regular session Monday, December 20 at 10 a. m., there being present Jos. M. Francis, presiding, Jas T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the meetings of December 6th and 13th were read and approved.

Laurel E. Anderson was called and sworn to his having posted copies in public places in the City of Hillsborough, and in the unincorporated territory lying within the boundaries of the proposed district.

John R. Fairbanks, for two years connected with mosquito extermination in the county, was sworn and testified as to the necessity of taking action in exterminating the mosquitos in the proposed district.

Attorney C. N. Kirkbride and A. P. Redington presented a petition signed by C. W. Mason and others asking for the creation and organization of the "Three Cities Mosquito Abatement District" of the county of San Mateo, said district to include the incorporated cities of San Mateo, Burlingame and Hillsborough, together with certain unincorporated territory within the county, as stated in the petition.

County Clerk Joseph H. Nash was sworn and testified as to the correctness of the total number of qualified voters in the district, also the total vote for governor at the state election in 1914, as shown in the petition.

A resolution was adopted on motion of Brown, seconded by Casey, ordering the creation, organization and incorporation of the above mosquito abatement district.

Supervisor Casey brought up the matter of letting the contract for macadamizing the road at Holy Cross cemetery. He stated that there were a number of residents and property owners from the First township present, who would like to be heard.

The following persons thereupon appeared before the board and testified as to the necessity of taking immediate action toward remedying the condition of the above road, and showing wherein they and the community were being injured, on account of the present poor condition.

It was the unanimous opinion of the members of the board and Surveyor Neuman, that relief should be afforded the residents of the First township in the matter of repairing the above road, but they were not in favor of letting any contracts for macadamizing the same this winter. It was thereupon ordered, on motion of Brown, seconded by MacBain, that the bid of the Colma Contracting Co., which had been submitted at the previous meeting, be rejected, Supervisor Casey voting "No."

On motion of Brown, seconded by MacBain, Supervisor Casey, with Surveyor Neuman, was thereupon authorized to spend in the neighborhood of $1,000 to place the Holy Cross road in temporary condition until next spring.

The following bids were opened for the purchase of the $20,000 bonds of the San Bruno school district:

On motion of MacBain, seconded by Brown, the offer of Byrne and McDonnell of $2,595 premium, was accepted, they being the highest bidders.

Hearing in the matter of the complaint against Bennett and Duarte, Pescadero saloon-keepers, to show cause why their license should not be revoked for conducting a disorderly place, was ordered continued. District Attorney Swart appeared for the people and Attorney Joseph J. Bullock for the defense.

The following witnesses were called and sworn for the prosecution: John D. Souza and Fred Wendt.

With the conclusion of the latter's testimony the board adjourned at 12 o'clock for the noon recess.

The board reconvened at 1:30 with all members present.

Further hearing in the matter of Bennett and Duarte brought forth the following witnesses, who were sworn for the prosecution: Joseph Smith and M. Bennett.

Bennett, upon cross examination by District Attorney Swart, confessed to having been a party to a "fake" sale of his interest in the saloon to Duarte and admitted that he had done this after the charges had been brought against him for the purpose of deceiving the board.

The board, thereupon, after hearing the testimony of John Gillan and Frank S. Duarte for the defense, voted without any further delay, upon motion of MacBain, seconded by Brown, to revoke the license of Bennett and Duarte and close their saloon.

An application for aid was received from Mrs. Jennie Johnson, of Redwood City, an aged colored lady. On motion of MacBain, seconded by Brown, the applicant was granted $8 per month.

Arden Dawson, an aged colored man of San Mateo with no visable means of support, was allowed $8 per month on motion of Brown, seconded by Thompson.

On motion of Casey, seconded by MacBain, an application received for State aid for two half orphan children in the first township was granted.

A communication was received from the Blanchard-Brown Company, asking that they be granted a conditional acceptance of their contract for the macadamizing of the Redwood City-San Gregorio Road, route 6, division 2, sections 1 and 2, with the provision that a reasonable abount be withheld from their final payment to insure the completion of the contract.

On motion of MacBain, seconded by Thompson, it was ordered that the road be accepted conditionally, with the understanding that Blanchard-Brown Company go on record that they will complete the contract as soon as possible next spring, and that the sum of $3,000 be withheld from their final payment to insure the completion of the said contract.

A communication was received from the County Surveyor recommending that he given an order to plat the assessor's block books and to complete the map in the office of the county clerk so that it will be a definite road record.

On motion of MacBain, seconded by Casey, the chairman was authorized to appoint a committee to investigate the above matter with the surveyor and report at the next meeting. Chairman Francis, thereupon appointed Supervisors Brown, MacBain and Casey, to act on the above committee.

Surveyor James V. Neuman submitted a report showing the total amount of money expended on the road from Tunitas to San Gregorio as being $6,558.63. This cost exceeded the amount of money raised for the purpose of oiling the above road on account of the unfavorable conditions connected with the securing of screenings for the work.

On the surveyor's recommendation, it was ordered on motion of MacBain, seconded by Thompson, that the sum of $607.93 be transferred from the Lobetas Highway Fund to the Tunitas and San Gregorio Oil Fund, and that the balance of claims against the last named funds be paid from the highway Fund.

Frank McDonald filed a bill against Wrightson, Anderson and Yost, the contractors, for labor performed to the amount of $16.50. The claim was ordered filed.

A communication from the Tourist Association of Central California, relative to drawing on the county's portion of the Tourists' Association Fund after January 1st, was ordered referred to the Finance Committee.

A communication was received from W. D. Egilbert, Commissioner-General to the P. P. I. E., highly praising the county's representatives for their splendid work during the Exposition period. The communication was ordered filed.

A communication was received from Miss Anne Bell Bailey, county librarian, recommending the establishment of branch libraries at Halfmoon Bay, and San Carlos. The above recommendations were ordered approved on motion of MacBain, seconded by Casey.

County Clerk Nash was authorized to purchase a new typewriter book for his office, on motion of Casey, seconded by Thompson.

The report of James R. Eubanks, superintendent of the County Farm and Hospital for the month of November, 1915, showed that he had cared for 47 inmates, of which number five were discharged and two died.

On motion of Casey, seconded by MacBain, it was ordered that the people of Colma be permitted to put in an 8-foot sidewalk in front of the school house, on Allemany street, between Market street and San Pedro avenue.

District Attorney Swart presented resolutions ordering the issue of the bonds of the Redwood City Grammar School District, in the sum of $48,000, in denominations of $1,000 each. The resolutions were adopted on motion of MacBain, seconded by Brown.

The District Attorney then presented resolutions ordering the issue of the bonds of the San Bruno Park School District, in the sum of $20,000, in denominations of $1000 each. The resolutions were adopted on motion of MacBain, seconded by Brown.

On motion of MacBain, seconded by Brown, the county surveyor was instructed to submit a complete report to the board at the next meeting, if possible, on the condition of the work connected with the bond issue.

On motion of MacBain, seconded by Brown, the recommendation of the P. P. I. E. Commission that their secretary direct the installation in the rotunda of the courthouse of the relief map that was exhibited at the Exposition, was adopted.

At the request of Surveyor Neuman, claims amounting to $16,195.37, were ordered transferred from the General Fund to the Highway Fund on motion of Brown, seconded by MacBain.

Surveyor Neuman presented a copy of a letter written to Lou G. Hare, contractor, recommending the extension of the latter's contract for the construction of Pescadero to Santa Cruz Co. line road, so as to include the surfacing of the road with material obtained from designated places, along the route, the cost of said work to be charged against the fund of the above road.

On motion of MacBain, seconded by Thompson, the above recommendations of Surveyor Neuman were adopted on roll call with the following vote: Yes—Casey, Brown, MacBain, Thompson. No—Francis.

In voting "No" Chairman Francis stated that he wished to go on record as saying he would not vote for any further expenditure of money by special tax for road work.

The board adjourned at 4:05 p. m. to meet Monday, January 3, 1916 at 10 a. m.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A merry Christmas to you!

Many more merry Christmases, too!

And may they be even more than merry!

Wonder what the new year will have in store for this city?

We can make it a prosperous year if we get together and pull together. Let's get and let's pull.

What a glorious thing it would be if 1916 could find this city without a knocker, and with every one a booster. And it could, if you would.

CHRISTMAS BELLS

When the Christmas bells ring today it will not be as ever before in all the years of all the men now on the earth. Even in our own most blessed land as those bells ring out, their peals, erst so joyous, to thoughtful people, there will seem to be a refrain of sorrow in their ring, even as when marriage bells change to tolling for the dead.

For think of it! For nineteen hundred years those bells have been rung, those carols sung and the blessed refrain has been, borrowed from the angel choir, "On earth Peace, and to man Good Will."

As the centuries have come and gone, with more and louder acclaim each year, the anthem has rung out upon the world, with ever increasing assurance have the words of promise been spoken; with more and more ostentation has the day been celebrated; with more and more eloquence have devout men pointed out how civilization has advanced most in those lands where the cross has been most revered, until now on the wings of the lightening the messages are being carried and the perfecting press as it toils, with every deep respiration, emphasizes the truth that the highest grace is that which has grown out of that same message of "Peace on earth and to man Good Will."

But now every echo from the old world is not only one of violence but it brings an impression that there where most crosses have been upreared, where most monuments to Christianity have been raised, where oftenest the message of "Peace on earth, and to man Good Will" has been repeated, there with most fury men and nations are stamping all the records of good into the ground, and from their hearts have cast out every generous sentiment of good will.

A year ago, the outside world, looking on, said: "It is but a frenzy and it will soon pass." But during the past year that frenzy has seemed to crystalize into a settled hate among those who are guiding affairs and executing the bloody work, while those at home strain their eyes up through the darkened sky above them and mournfully whisper to their own souls: "There are no answers to our prayers."

And there all the Christmas bells will be tolling and in lieu of Christmas carols, only dirges will be chanted.

The wisest, straining their eyes, cannot see why the present scourge was permitted, why the stage was set, why the terrible acts are being called. They only know that it is nature's way when the air becomes fetted and a pestilence is threatened, to call up the cyclone to clear the air, and they remember that while in the wake of the storm are swept shattered homes and dead animals and men, the atmosphere is cleared. Is there any parallel between that and the cataclysm that is now changing the face of Europe and part of Asia; where death comes from the clouds and destruction up from the depths of the sea, until it almost seems as though another geological period was about to be completed?

We cannot tell, but there are signs that the old claim that man is everything and the people nothing, is about to pass; that the decree is already to be issued that all men must have equal opportunities; that there are no divine rights to mortals save those that come of heart and brain; that the men who fight the wars shall be consulted before any wars shall be proclaimed and the humblest man shall be free to do any legitimate thing for himself and those he loves; that when the earth was given to men to subdue and occupy and enjoy, it was given to all men alike and all are to take part in its government.

If this is in store for the children of men and to usher it in the present great war was necessary, then the war will have its compensations and it will not be so long until the old anthem can be reawakened with a sweeter solemnity than ever, "Peace on earth, to men Good Will."

And the Christmas bells will take on all the old joy in their ringing and their acclaim will carry a deeper, truer hope to mankind.

MASONS OF COUNTY INSTALL THEIR OFFICERS AT SAN MATEO

Inspector Charles G. Landscheit of Redwood Presides at Banquet

The largest gathering of Masons ever assembled in San Mateo County at one time convened in the Masonic Temple, San Mateo, Thursday night, when the officers of each of the lodges of this county were installed by the grand master of the state, Judge Alfred G. Burnett of Sacramento. A very large percentage of the members of Redwood City Lodge went down in machines or on the train. The officers installed for this lodge were W. H. Kelso, master; Otis M. Carrington, Senior Warden; Benjamin C. Zimmerman, junior warden; L. P. Behrens, treasurer, (Mr. Behrens has been installed treasurer twenty-one consecutive year's;) J. E. Harris, secretary; Horace H. Sears, senior deacon, Otto Offermann, junior deacon; Jas. J. Rodgers, marshal; Eugene Sampson, senior steward; Charles McCracken, junior steward; F. W. Glennan, tyler.

Grand Lecturer Thomas J. Baker acted as installing officer and as the different officers were being conducted to their respective stations, appropriate selections were rendered by the members of the Knickerbocker Quartette of San Francisco.

The meeting was followed by a sumptuous repast at which Inspector Charles G. Landscheit presided as toast-master, and at which there were numerous musical selections as well as several fine after dinner speaches.

Among the officers installed in the other lodges of the County were R. F. Chilcott, who will serve Crocker Lodge of Daly City as treasurer; George H. Kneese of this city who will be senior warden of South San Francisco lodge and Mrs. Joseph Levy who will fill the office of treasurer of San Mateo Lodge an office he has held for forty-two consecutive years.

Notice to the Public

After forty years of mercantile life, soon after January first, I have concluded to retire from it. My stock and fixtures will be for sale and the buildings for rent. A splendid opportunity to step into a going business is offered. As no bonus for good-will, etc., is asked, it will require but little capital to swing this deal. Interested parties are requested to call at once.

I take this opportunity to thank the public for their generous patronage through all these years.

New Water Meter to be Tested. Oil of Joy to be Had Until 2 O'clock p. m.

Little business came before the board of town trustees at their meeting Monday evening which was their last meeting this year.

An old claim of $334 of Wright Anderson and Yost, road constructors, was presented by Mr. Yost. The work was done about a year ago and payment has been withheld because the work was ordered done by the National Roadamite Paving Company of Los Angeles which was bought out locally by Wright Anderson and Yost but still owes the city an amount in excess of the claim of the road builders. The city's claim which was for roller hire, was referred to City Attorney Mansfield.

The Neptune Water Meter Company through their representative. C. A. Braslan, received an order from the board for five trident meters. These meters are of the piston type and because of the large amount of floating sand in the water are the only type which can be used here.

City Engineer Finlay presented plans and specifications for the extention of the James street sewer into the Broadway sewer. After considerable discussion the city attorney was instructed to prepare resolutions of intention to be submitted at the next meeting. Those interested are very desirous of having the work completed. An outline of an assessment district will be made.

Trustee Hahir was authorized to have three phones installed for the use of the police department. Lack of proper facilities, delay officers in notifying the sheriff's office, thus giving crimnals a chance to make good their escape beyond the city's limits.

As has been the custom saloon men will be permitted to keep their places of business open until 2 o'clock on New Year's eve. The ordinance provides that they close at midnight.

A number of laborers' claims were audited and allowed. Also the employees of the city will be paid previous to the holidays.

The board adjourned all members having been present.

CHAMBER OF COMMERCE HOLDS IMPORTANT MEETING TUESDAY

Report of Harbor Committee Heard and Action Left to Derectorate

Despite the holdiay business rush a large number of Redwood's busiest men found time last Tuesday night to attend the meeting of the Chamber of Commerce. It was the first meeting of the general body held in the new quarters in the Drew building. The principal business of the meeting was a discussion of the harbor committee's plan for the development of Redwood's waterfront.

Chairman R. F. Chilcott of the harbor committee presented the tentative report of his committee which called for street extentions, wharf buildings and the acquiring of a free site for factory purposes. Chilcott's report aroused much interest and confidence in the work of the directors of the chamber was expressed in a motion, unanimously carried, leaving the entire matter in the hands of the directorate.

The report of Secretary-Manager McGettigan revealed that the membership of the chamber had reached the one hundred and thirty-five mark and that the number of prospective members indicated that before many weeks the Redwood City Chamber of Commerce would become the largest civic organization "Down the Peninsula."

LITTLE FOLKS MADE HAPPY BY ORDER OF EASTERN STAR

Christmas Tree Tuesday Afternoon to Children Long to be Remembered

Sequoia Chapter, No. 203, O. E. S., held their annual Christmas tree, Monday evening in lower Odd Fellows' Hall. The tree was most beautifully decorated with the usual ornaments, but Mark Ryan transformed it into a very tree transported from the fairy world. Countless electric lights of flowers, fruits and birds flashed from every point. Dancing was indulged in until Santa Claus made his appearance and distributed gifts with a lavish hand. An elaborate supper was served at 11:30 in the banquet hall.

Tuesday afternoon at 2 o'clock, seventy-six children were the invited guests of the chapter. Mr. Van Court, who has found that the joy of living is in giving to others, presented the chapter with toys and games, made by his own hands, to give to our guests of the afternoon. Children's games were played and Miss Stevens gave pleasure to both old and young by singing children's Christmas songs. Santa came in the usual way and presented to every child a toy of Mr. Van Court, toys from the chapter and apples. Refreshments were served and the children returned to their homes with a touch of the Christmas spirit.

The success of the affair is due to the Worthy Matron, Mrs. Arthur M. Porter and her committees, Mesdames Leary, Chilcott, Ryan, Kinney, Hexner, Johnson, Baird, Williams, Moody, and Brown and Messrs. Ryan, Layng, Carrington, W. P. and A. M. Porter.

Woodside Happenings

On December 16, 1915, a baby girl was born to Mr. and Mrs. Charles Gilcrest, nee Shine, at Palo Alto. The new arrival makes a family of nine.

Eugene Kelly, the well known and popular business man of Portola, is quite ill and is in St. Mary's hospital in San Francisco. Reports from the institution yesterday indicate that he will soon recover and be able to resume his usual avocation.

Mrs. Drexler is preparing plans for the erection of a large sanitarium on her property near the old Coon place close to Portola. She is a very wealthy woman and is building the institution in memory of her deceased husband. A large sum of money will be expended in its erection.

For a table wine of a superior quality there is none better than "La Questa," red wine, Cabernet Sanvignon, both products raised right here in Woodside. Both brands secured the prize at the exposition. These delicious wines will complete the enjoyment of your dinner.

Last Saturday the Sunday school children of the Congregational church enjoyed a Christmas tree here in the parlors of the church. Santa Claus arrived in schedule time and delivered a present to each child and gave them a pleasant talk. The little tots will long remember the visit of Santa.

As a Christmas present, Charles Josselyn, the local capitalist, today deeded to his wife, Mary G. Josselyn, property in Redwood City and Woodside valued at $200,000. The gift includes the Alhambra Theatre property on Main street, Redwood City, and the palatial Josselyn estate at Woodside, which is one of the finest country places on the peninsula.

Coast Side Items

Prof. and Mrs. R. L. Switzer left for Fresno this morning to attend the high school principals' convention. This will be the first to be held in this state and will last three days. From the Raisin City they will go to Los Angeles and San Diego where they will spend the remaining part of their vacation.

William J. Debenedetti who has been serving as postmaster at Halfmoon Bay on a recess appointment has been formally named for that position by President Wilson on Friday of last week. The appointment is now before the Senate to be confirmed.

A man by the name of M. Roderiguez was found dead in a Chinaman's shack at Pebble Beach last Monday. Deputy Coroner M. P. Dutra went down and got the body and interred it in Odd Fellow's cemetery. It seems that Roderiquez and the chink had been peacefully inhabiting the hovel in common for a long time, their occupation being fishing and clam gathering. Coroner Brooke held an inquest at which it was ascertained that death had been due to natural causes.

The Fontanans, formerly operators of a cannery in San Francisco, are erecting a wireless mast and aerials at Rockaway, so it is reported. It is likewise rumored that the United States Government proposes to erect a big aero station at Pillar Point.

Monthly Health Bulletin of Interest

The Christmas bulletin of the State Board of Health reached this office yesterday and is a most interesting publication. It not only contains statistical tables showing the spread and development of diseases but it also gives many valuable suggestions and a great deal of fine information. From the figures quoted the following facts regarding the health problems of San Mateo County are adduced. During the year 1914 there were 38 deaths from tuberculosis in the county. This was just 4 per cent of all the cases in the state and when the fact that we have two tuberculosis hospitals in our county is considered it shows the extremely low mortality rate that prevails here from the dread white plague. During the month of September there was but one case of typhiod fever reported from San Mateo County and that did not terminate fatally. One death was caused by tuberculosis, two by diphtheria and the others were either non contagious diseases or by accident which resulted in death.

New Actions in the Superior Court

R. C. Steckle has brought an action in the superior court against E. M. Connelly to recover the sum of $362.50 on a promissory note executed at San Francisco on July 5, 1914. Plaintiff also asks for interest and costs.

Charles G. Cooper has commenced a suit in the superior court against Leslie Trask and others to secure possession of lot 10, block 7, Concordia Land Company's Tract now in possession of defendant who refuses to relinquish the property. Plaintiff also asks for the sum of $20 a month for rent of the premises from October first.

L. Capelle has brought an action action against Umberto Berton to dissolve a copartnership formed on July 2, 1915 to conduct an automobile business at Menlo Park. The complaint alleges that defendant on December 11, 1915 took the books of the concern and assumed charge of the business against the opposition of his partner. When the co-partnership was formed the plaintiff advanced the sum of $468 and the defendant contributed three automobiles. Plaintiff asks that the copartnership be dissolved, a receiver appointed to take charge of the business, an accounting of the business from its inception be made, that the assets be applied to outstanding debts and that the proceeds of the sale of automobiles, etc., be divided between the partners.

Mary P. Kenyon and others have commenced an action in the superior court against Caroline Scarpa and her husband, Joseph Scarpa, to partition a quarter section of land located in the mountain district of the county and jointly owned by all the parties to the suit. New Actions in the Superior Court

Charles H. Mullen has petitioned the superior court to have vested in him the homestead interest of H. J. Douglass. The property involved consists of a parcel of land with improvements at San Mateo.

George W. Meyer has brought foreclosure proceedings in the superior court against John D. Gish and others to recover the sum of $850. The property on which the mortgage is to be foreclosed consists of lots 17 and 22, Portola Park, Woodside. Plaintiff also asks for interest at the rate of eight per cent per annum from Nov. 5, 1914, cost of suit and attorney fees in the sum of ten per cent of the amount found due.

The Peninsula Laundry Company has brought an action in the superior court against C. H. Lorton to enjoin him for soliciting work or laundry from plaintiff's patrons. Defendant was until December 18, 1915 employed by the laundry company as solicitor but on that date began soliciting for a rival firm. Plaintiff alleges that the list of customers was secured at considerable expense and turned over to Lorton who has no right or authority to solicit from it for any other concern. P. P. CHAMBERLAIN TO RETIRE FROM BUSINESS JANUARY FIRST

After Forty Years Widely Known Merchant Will Close Store

The announcement yesterday that P. P. Chamberlain, the veteran store keeper, was to retire from business occasioned much regret among the business men of Redwood City and the numerous patrons of the pioneer business house. Forty years ago, Mr. Chamberlain established the concern which was known throughout the county. He has remained at its head ever since guiding its destiny with wisdom and splendid judgment. The old brick store was the Mecca, always, for those in distress and in need of groceries. They never went away empty handed for the generous proprietor loaded their baskets from his well-filled shelves. Many homes have been made happy by the generosity of Mr. Chamberlain. No poor person was ever in need of groceries if he knew it. In his retirement he will carry with him the best wishes of a host of friends and patrons. For some time Mr. Chamberlain has been compelled to give all his attention to his duties as county treasurer to the neglect of his other interests. Though still a young man he, however, feels advancing in years and desires to be relieved of a few of his numerous burdens.

NATIVES SONS AND DAUGHTERS ASK REMOVAL OF MAP

Petition to be Presented Monday for Board's Approval

When the supervisors meet on Monday, January 3, 1916, the following petition will be presented and read by the Native Sons and Daughters of San Mateo County asking that the relief map used at the exposition be removed from the Great Seal of California in the rotunda of the court house:

To the honorable board of supervisors, County of San Mateo, State of California.

Whereas, it has come to our attention that the relief map of San Mateo County now being placed in the rotunda of the county court house will obscure the Great Seal of our beloved state, and

Whereas, we do not believe it is right and proper to obscure this imperishable monument to our pioneer fathers whose courage and fortitude should receive constant recognition from all sons of California,

Therefore, we the undersigned, Native Sons and Daughters of the Golden West respectfully petition your honorable board to take the necessary steps to find some other resting place for the relief map and thereby continue to give to the Great Seal the prominence and honor which it so richly deserves.

In the death of Patrick Carolan, there is removed from this community a highly respected pioneer, one who enjoyed the admiration and esteem of everyone for his robust honesty, sincerety of purpose and for the uprightfulness of his long life. None knew him but to admire him for his numerous excellent qualities of mind and heart. He saw the light of day in County Meathe, Ireland, a little over 82 years ago. As a young man Mr. Carolan came to the United States. Tarrying for a while in the East he turned his face to the setting sun and arrived in California over forty years ago. In the early seventies he was foreman of the Hoag ranch, now owned by Stanford University. Afterwards he took a position at the James L. Flood place. After that property was deeded to the State University by Miss Jennie Flood, Mr. Carolan retired to a pretty home at Atherton where for sixteen years he enjoyed his remaining days in the quiet and peace of his happy household surrounded by his family with an abundance of this world's goods to make his declining years peaceful and free from care. The deceased closed his eyes in death late last Sunday evening following an illness of about two weeks. The funeral took place Wednesday from the Church of The Nativity where a solemn high mass was celebrated. A special choir from San Francisco sang the mass. The following old time friends acted as pall bearers: J. H. O'Keefe, James R. Doyle, M. F. Duff, John Welsh, Barney Higgins, Daniel Regan and David Roche. Mr. Carolan is survived by a devoted wife and three loving daughters, Miss Jennie Carolan and Catherine Carolan and Mrs. W. E. Evans of Santa Rosa.

STRONG CREDIT SYSTEM ADOPTED BY MERCHANTS.

Though Redwood is better off from the credit standpoint than many other peninsula communities, the merchants here have long realized that some decisive step should be taken to protect them from the class of persons who make it a habit to run bills with little inclination to pay. With this end in view the retail trade committee of the Chamber of Commerce, consisting of every class of merchant, has had several meetings with the object of devising a plan to register the "beats," slow pays and customers whose ability to pay is doubtful. A list consisting of close to one hundred and seventy-five names has already been submitted to the credit bureau, and beginning with the first of the year a report will be sent out to every person doing business in Redwood City.

With this information at hand it is believed by the merchants that they will be able to save themselves hundreds of dollars annually. Application for credit will be followed by a study of this report and in the event that the name of the person applying for credit is not on the report credit will be extended, provided proper references are given.

It is realized by the merchants that it is necessary to do a credit business and no unpleasant strictures will be placed on prospective customers, but they feel it is necessary that some meaure of protection should be had.

In the last few weeks six meetings of the retail committee have been held in the headquarters of the Chamber of Commerce with the result that there has been created a friendly spirit among the merchants of Redwood City, which promises to considerably reduce the burdens developed by the heretofore slack method of extending credit.

JOYS OF CHRISTMAS GIVEN CHILDREN BY EASTERN STAR

Sequoia Chapter, No. 203, O. E. S. held their annual Xmas tree Monday evening in the lower Odd Fellows' hall. The tree was most beautifully decorated with the usual ornaments; but Mark Ryan transformed it into a Xmas tree transported from the fairy world. Countless electric lights of flowers, fruits and birds flashed from every point. Dancing was indulged in until Santa Claus made his appearance and distributed gifts with a lavish hand. An elaborate supper was served at 11:30 in the banquet hall.

Tuesday afternoon at 2 o'clock 76 children were the invited guests of the chapter. Mr. Van Court, whom we all know, and who has found that the joy of living is in giving to others, presented the chapter with eighty toys and games made by his own hands, to give to the guests of the afternoon. Children's games were played and Miss Stevens gave pleasure to both old and young by singing some Christmas songs. Santa Claus, in the usual way presented to every child a toy from Mr. Van Court, toys from the chapter and apples.

Refreshments were served and at 3 o'clock the children returned home with a touch of the Christmas spirit.

The success of the affair is due to the worthy matron, Mrs. Arthur M. Porter and her committees, Mrs. Leary, Mrs. Ryan, Mrs. Kinney, Mrs. Hexner, Mrs. Johnson, Mrs. Baird, Mrs. Williams, Mrs. Moody and Mrs. Brown. Mr. Carrington, W. P., and A. M. Porter.

UNTIL CAPTURED BY POLICE BARBER HAS MERRY TIME

Hiring a horse and buggy from Paulson's stable, Palo Alto, Richard Stoner, a barber drove to the railroad depot there, helped himself to a trunk filled with fancy lingerie, belonging to a Stanford coed, resumed his journey up the peninsula and when he reached Belmont, stole a young colt, it is alleged, from Frank Yount. He then drove to Millbrae.

After arriving at the latter place, Stoner sold the colt to a horse trader, and put the horse and buggy in a stable. The horse trader in turn sold the colt, but his suspicions were aroused on account of the queer actions of Stoner and he immediately got in communication with the sheriff's office.

Sheriff Sheehan dispatched Deputy Bob Congdon to Millbrae, who arrested Stoner when he appeared at the stable for the horse and buggy.

A second bundle of leather belting stolen from Allen's Planing Mill Friday night was recovered yesterday by the sheriff's office. It was found by an Italian laborer while walking along the State Highway, between this city and San Carlos and had evidently been dropped by the two robbers when persued by Night-Watchman "Mickey" Collins.

This is the second time within two months that the Allen Planing Mill has been entered by thieves and leather belting stolen.

PULLS GUN ON OFFICER AFTER ROBBING BUNK HOUSE

Sheriff Sheehan received word about nine o'clock Monday morning that a strange man had been seen breaking into some box cars in the vicinity of the Shell Oil Company, that were used as temporary quarters for a gang of laborers, and later emerging with several sacks.

The sheriff dispatched Traffic Officer James Logan to the scene and Logan overhauled the man below the Five Points. The fellow pulled a gun on the officer when told to halt, but he was quickly overpowered and taken to the county jail. He gave the name of Thomas McNearney and said he was from San Francisco. The sacks he had taken were filled with clothing, razors and other valuables from the bunk house.

CHRISTMAS EXERCISES AT ACADEMY OF NOTRE DAME

The convent hall of the Notre Dame Academy was crowded with the parents and friends of the children Friday afternoon when the Christmas exercises were held. A splendidly arranged and highly entertaining program was carried out.

A pleasing feature of the afternoon was the presentation of a glass missal stand and a thabor stand to Rev. Father J. J. Sullivan. The gifts were from the convent children and were given in honor of the anniversary of Father Sullivan's ordination.

Father Sullivan responded in the true Christmas spirit. After thanking the children for their kind remembrance, he told of what had been accomplished by the Sisters during the past year and pointed out the benefits and results of their careful training. He spoke of the excellent condition of the Academy at the present time, mentioning the fact that all the rooms were completely filled.

Hand Is Crushed By Machine.

James Debenedetti, eighteen years old, met with a painful accident last Friday at the Frank Tannery, where he is employed. His right hand was caught under a leather stamping machine, and was badly crushed and lacerated. He is at the Huling sanitarium and is under the care of Dr. J. L. Ross.

Rebekahs Elect Officers

Olive Branch of the Rebekahs elected new officers Tuesday evening who will be installed January 12th. Christmas refreshments were served at the conclusion of the meeting. The officers are Hazel Mansfield, noble grand; Dollie Granger, vice noble grand; Mamie Glennan, secretary; Margaret Winter, treasurer.

The galvanized iron storm sewers at the corner of Broadway and El Camino Real were replaced with wooden ones last week by Superintendent of Streets Joseph Dickey. The former sewers were found too small and inadequate to carry off the large volume of water that comes down Broadway through Redwood Highlands. The new wooden sewers are four feet wide and a foot deep.
